I knew it was a long shot for me, and I haven't heard from them. Anyone else get in? I thought they were going to announce May 5th...

You got it Norm, I will bring a few copies.

Norm is not kidding about the entry hill to Laguna. It is steep and will eat vehicles. Do not stop on the way up the hill.

Take it slow on the way out.

There is a large lot for us to stage in while waiting for the paddock to open. This is the normal process here.

I will be there about 5 pm. it would be great to set up a large area between a couple of motorhomes for a meeting and eating spot. Possibly on the angled end of the 944 compound closest to the track.

I'm aiming to get there around 4:30 to 5pm. I'll also bring copies of the Sups and parking maps. As a note - Steve, Me Ron and Jim ( I guess we have to accept him now) from the Norcal crowd are the only ones with enclosed trailers.

Just having the Trans on the truck rebuilt (get it back tomorrow) - so it BETTER be ok on the grade !

Not sure if you guys know Hal Dunn, he raced 944spec for several years but just sold it, I hope it's OK if he parks with us, he has a motor home and enclosed trailer.

Jerry, I broke my Replay Cam's holder that velcros to my helmet, where does your son work or what is the name of the place that I can call to order one by the weekend? you can email or call me if you would like
