

**WTB 944 Spec**

Posted by steve336 - 09 Jul 2013 14:35

---

Looking to get into racing and 944 spec looks like an awesome group.

I've had a street 944 but want to get a prepped car. Budget is between 3-5k.

I don't mind doing a little work if necessary but would prefer a complete car with cage.

Let me know if you guys know of any cars available.

Thanks!

Where are you located? Are you willing to pay for shipping on top of your budget for a car? That will dramatically increase the number of cars available.

I am in Central Florida and am willing to pay for shipping.

Did you find a car? I may have one that you may be interested in.
